

Community Interactive Art

Introducing the

COST OF WAR ART PROJECT

Gallery Exhibit, Oct. 9–Oct. 27, 2010  
At Sol Collective, 2574 21st St., Sacramento

for details, see  
[www.sacwilpf.org](http://www.sacwilpf.org)  
or call (916)369-5510

The purpose of the project is to educate the public about the cost of the Iraq and Afghanistan wars, so that they can decide on their priorities: war, or jobs and services, including fully funded public education.

From 10/9–10/27/2010, we will hold a public exhibit/sale of the art works submitted for this project. We are looking for buyers and others who will post the works in a publicly visible space within Sacramento County, for a period of six months following the Gallery Exhibit.

WILPF, Women's International League for Peace and Freedom, has a long track record of standing up for women's rights, since 1915. WILPF was founded by misbehavin' women peacemakers, who stood up against war. Haven't heard of us? NOW'S THE TIME!
